

# All in One Bake Shop

## Some of the new Wilton products...

### 2009 Yearbook

Like many of you - I look forward to going through the pages of the new yearbook. There are some really fun cake ideas in this year's addition. I have included a sneak peek for you here.

### Wilton Tools

A whole new line of tools - spatulas, whisks, scrapers, cake lifter, measuring cups and more. All of these tools are really nicely made - heavy weight materials and ergonomic handles make them great tools to have.

### Tool Caddy

This Caddy has room for everything! Tips and accessories, icing colors, bags, spatulas and so much more. This is a great way to keep your tools organized.

### Specialty Pans

A large cupcake pan, a mini cupcake pan and a mini ice cream cone pan. These pans make the cutest cakes! These pans are all heavy-weight cast aluminum with a non-stick surface for ease in baking.

### Puzzle Cakes

These sets are so fun! Sets of silicone cupcake liners in different shapes so that they can be put together to make a variety of cakes. The sets are Animal and Transportation shapes. There are instructions for several designs in each set - but the possibilities are truly endless.
